2024 SHED BUYING GUIDE

The leader in storage and happy customers

CLIENT TESTIMONIALS

Nathan H.

“Great friendly staff. Everyone that we worked with was professional. Paperwork was quick and easy with no hassle. Communication with the team was quick and they answered any questions I had. Delivered the shed to my home and set everything up for me. Worked with me to make sure I was happy. I would recommend and would buy from again.”

Scott J.

“Great experience all around. From purchase to delivery, I was very impressed. The guys placed my shed on a dime. 5 days from purchase to delivery far exceeded what was promised. Thank you everyone involved.”

Keira D.

“Sheds Direct did an amazing job! I had a gravel foundation with a 6-inch-high wood border in place and the gentlemen who delivered my shed were able to maneuver my shed onto the foundation and center it. They were timely, kind, and delivered my shed with care. Great company to work with!”

STRONG

STRUCTURAL BUILD

Our sheds are built with superior design in mind. Utilizing top materials to give you a build that will last.

ROBUST

PROTECTION, INSIDE AND OUT

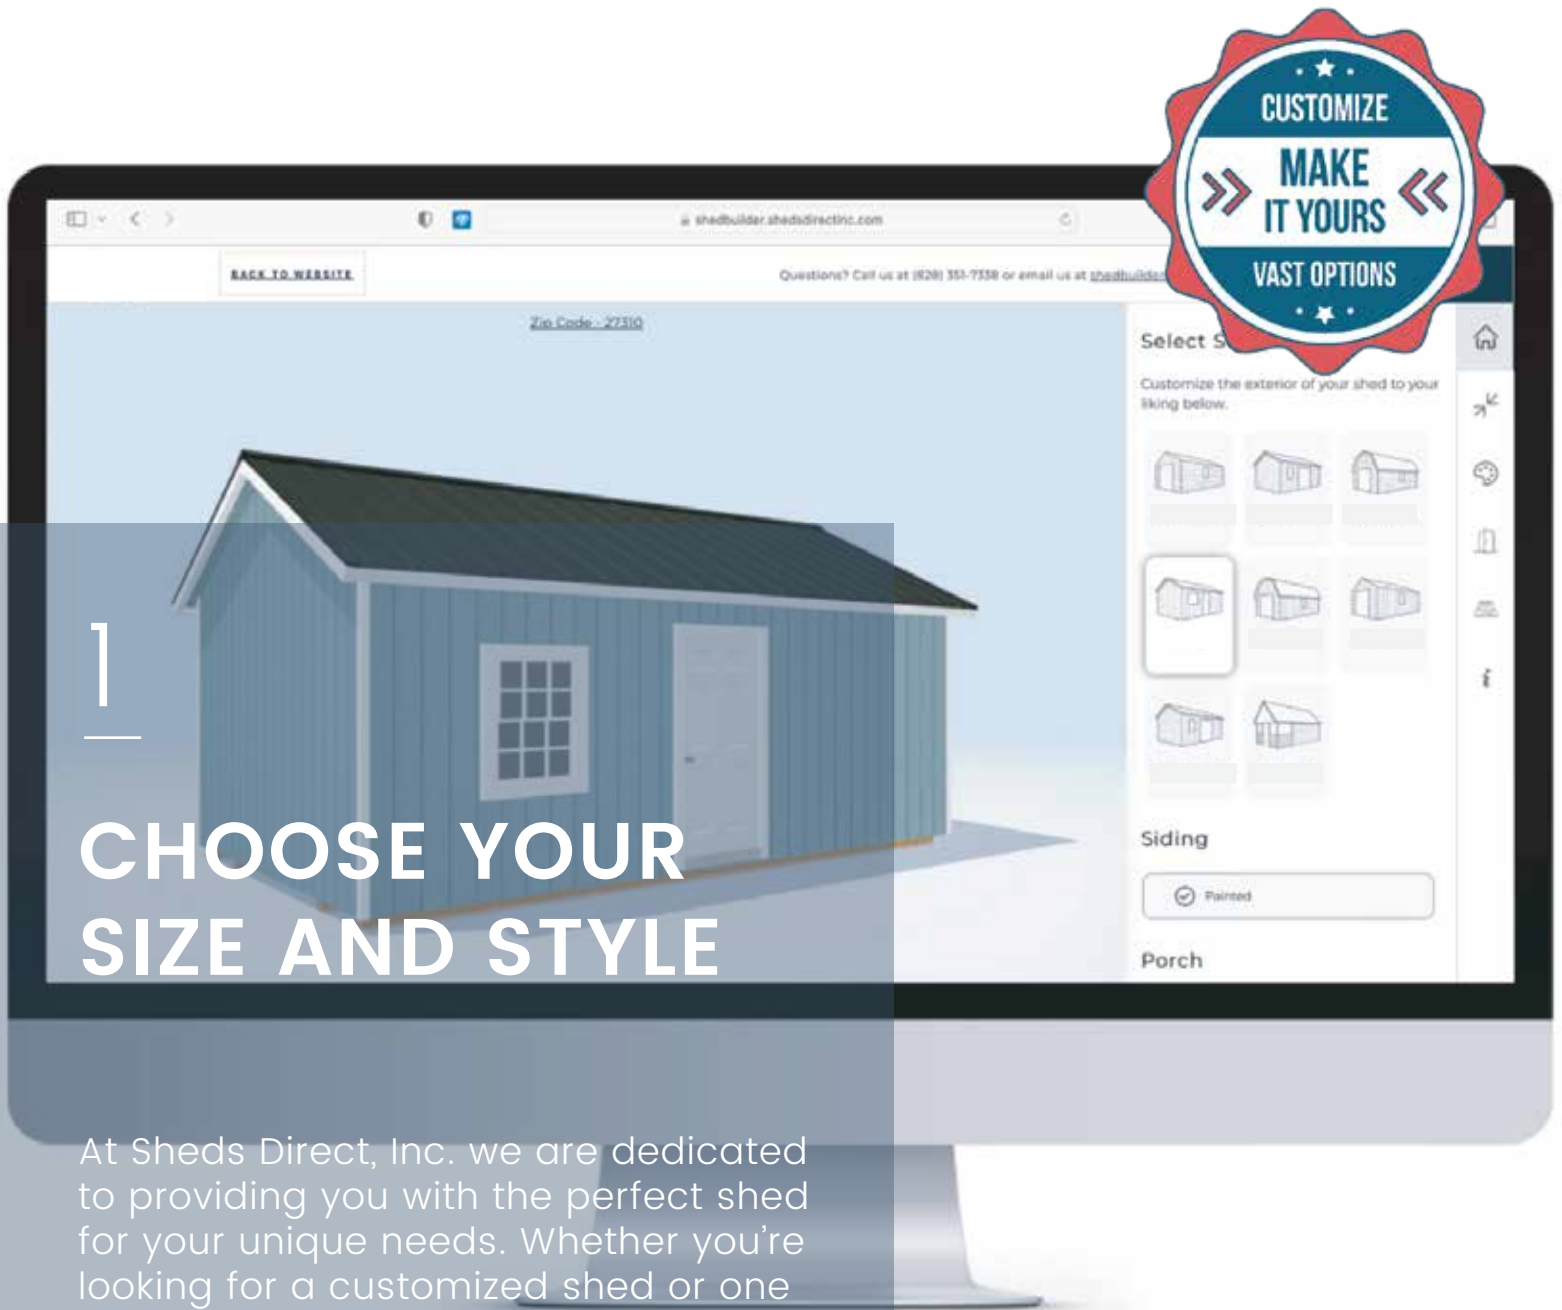

Sheds Direct, Inc leads the industry as the first to offer Luxguard flooring. We also provide a range of customizable options, including TechShield and kickplates, to make sure that every building meets your unique requirements.

EXCEPTIONAL

DESIGN AND MATERIALS

Wall studs are strategically placed every 16" to optimize the durability of the building.

1 CHOOSE YOUR SIZE AND STYLE

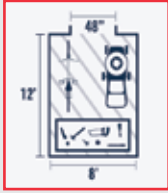

At Sheds Direct, Inc. we are dedicated to providing you with the perfect shed for your unique needs. Whether you're looking for a customized shed or one of our many pre-built options, we have you covered.

Online Shed Builder

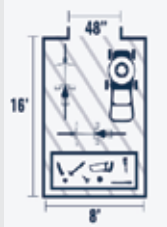

Sheds Direct Inc. has an online shed builder tool that allows customers to customize their storage building by choosing from assorted options and product lines, such as roof style, siding, doors, and windows. The tool provides customers with a visual representation of their personalized shed, allowing them to see what it will look like before making a purchase. This feature enables customers to create a storage building that meets their specific needs and preferences.

DELIVERY

5

BEFORE AND AFTER

At SDI, we understand that the delivery and installation process of your shed is just as important as the quality of the shed itself. Our dedicated team works diligently to package and ship your shed, and our experienced installers ensure it's assembled to your exact specifications. We're committed to customer satisfaction and strive to make every delivery and installation process stress-free.

ENJOYMENT

10'x16' Deluxe Shed
Clay Vinyl, Black Shingle Roof

STRESS FREE DELIVERY

First 50 miles free! Block, Leveling and Anchor Kits available.

Our delivery drivers have a variety of tools available during the delivery process to ensure that we can place the building exactly where you want it without any damage. If you have doubts about whether we can deliver to your location, one of our team members will be happy to work with you to inspect your site and plan the delivery location prior to your official delivery.

Pictured to the right is one of our mules. A mule is a small, maneuverable vehicle with a hydraulic lifting system used to transport sheds safely and precisely. It can navigate tight spaces and rough terrain and allows for controlled positioning to prevent damage to the shed and the surrounding area. You will see one just like this during the delivery.

WE HELP YOU BEFORE, DURING, & AFTER

At Sheds Direct, Inc. our goal is to help you design and customize a shed to fit your needs.

BEFORE

Our professionals can assist you in determining which shed will best suit your needs, especially if you are unsure about what you want or need. With their expertise and experience, they can guide you through the decision-making process, helping you select the right size, style, materials, and accessories to meet your specific requirements and budget.

DURING

From design to delivery, we'll work with you to create a shed that meets your unique requirements. Our experienced professionals will guide you through the process without pressure, ensuring your complete satisfaction. We'll also ensure that your shed is level and set up exactly where you want it upon delivery.

AFTER

At SDI, we follow up after delivery to ensure your satisfaction. If you encounter any issues, please don't hesitate to contact us for support. Our commitment to customer satisfaction means that we'll be there for you every step of the way.
